

1. WEDI 5010 Implementation Status Survey 2009

WEDI is conducting this short survey of the industry to determine the status of 5010 implementation. Your answers will help determine how close the industry is adhering to the WEDI-NCHICA 5010 timeline.

There are questions which are specific to each type of organization (software vendor, clearinghouse, health plan, and provider). Please answer only the questions for your organization's type. There may be some organizations that fall into more than one type; in that situation please answer the sections that apply. The next question will direct you to the appropriate section.

If there are any questions, please call Ann Marie Railing at WEDI, 703-391-2718.
