150 Word description of RSA's goals and objectives (as would appear in the WEDI SNIP Web Site).

The Iowa HIPAA SNIP is an healthcare industry-wide collaborative process to facilitate HIPAA implementation and further develop future standards by:

1. Promoting general industry HIPAA readiness
2. Identifying educational and awareness opportunities for the industry to utilize during implementation
3. Making general state recommendations for implementation and timeframes
4. Establishing collaborative opportunities to compile data, training, testing, and "Best Practices" within the state
5. Providing a forum to help with issues, ambiguities or interpretations of the law
6. Serving as a statewide industry resource for the implementation.

List any products/resources that RSA feels are valuable to other WEDI SNIP regional affiliates. Include URLs as appropriate.
