Governance protocols:

Each of the five HIPAA Work Groups make recommendations to the HIPAA Implementation Planning Task Force that makes further recommendations to the NCHICA Board of Directors. Sample documents and other materials are made available to the public once the NCHICA Board has had the opportunity to review and comment. Membership in the Work Groups is available to any NCHICA member.

Membership list (optional):

The list of the 235+ organizations that are members of NCHICA is available on the NCHICA Web site www.nchica.org under "Who We Are/Members".

150 Word description of RSA's goals and objectives (as would appear in the WEDI SNIP Web Site).

The HIPAA Implementation Planning Task Force [and the associated Work Groups] was established to assist the health care community to implement HIPAA in the most effective and efficient manner possible.

List any products/resources that RSA feels are valuable to other WEDI SNIP regional affiliates. Include URLs as appropriate.

The volunteers participating in the Work Groups have produced many deliverables including the computer-based HIPAA EarlyView(tm)Privacy and Security gap analysis and planning tools, sample documents, training materials and white papers.

RSA Listserv address(es) (if applicable)

NCHICA does not operate a listserv but provides its members with a weekly e-mail newsletter. Each of the work groups communicate vis closed e-mail groups and publish their deliverables according the the governance protocol described above.
