Administrative Simplification Enforcement Compliance Review Program

July 18, 2019

Compliance Review Program

- » Created to ensure compliance amongst covered entities with HIPAA Administrative Simplification rules for electronic health care transactions.
- » The Compliance Review Program will conduct periodic reviews with randomly selected entities to assess compliance with HIPAA Administrative Simplification rules.

Compliance Review Program Cont'd

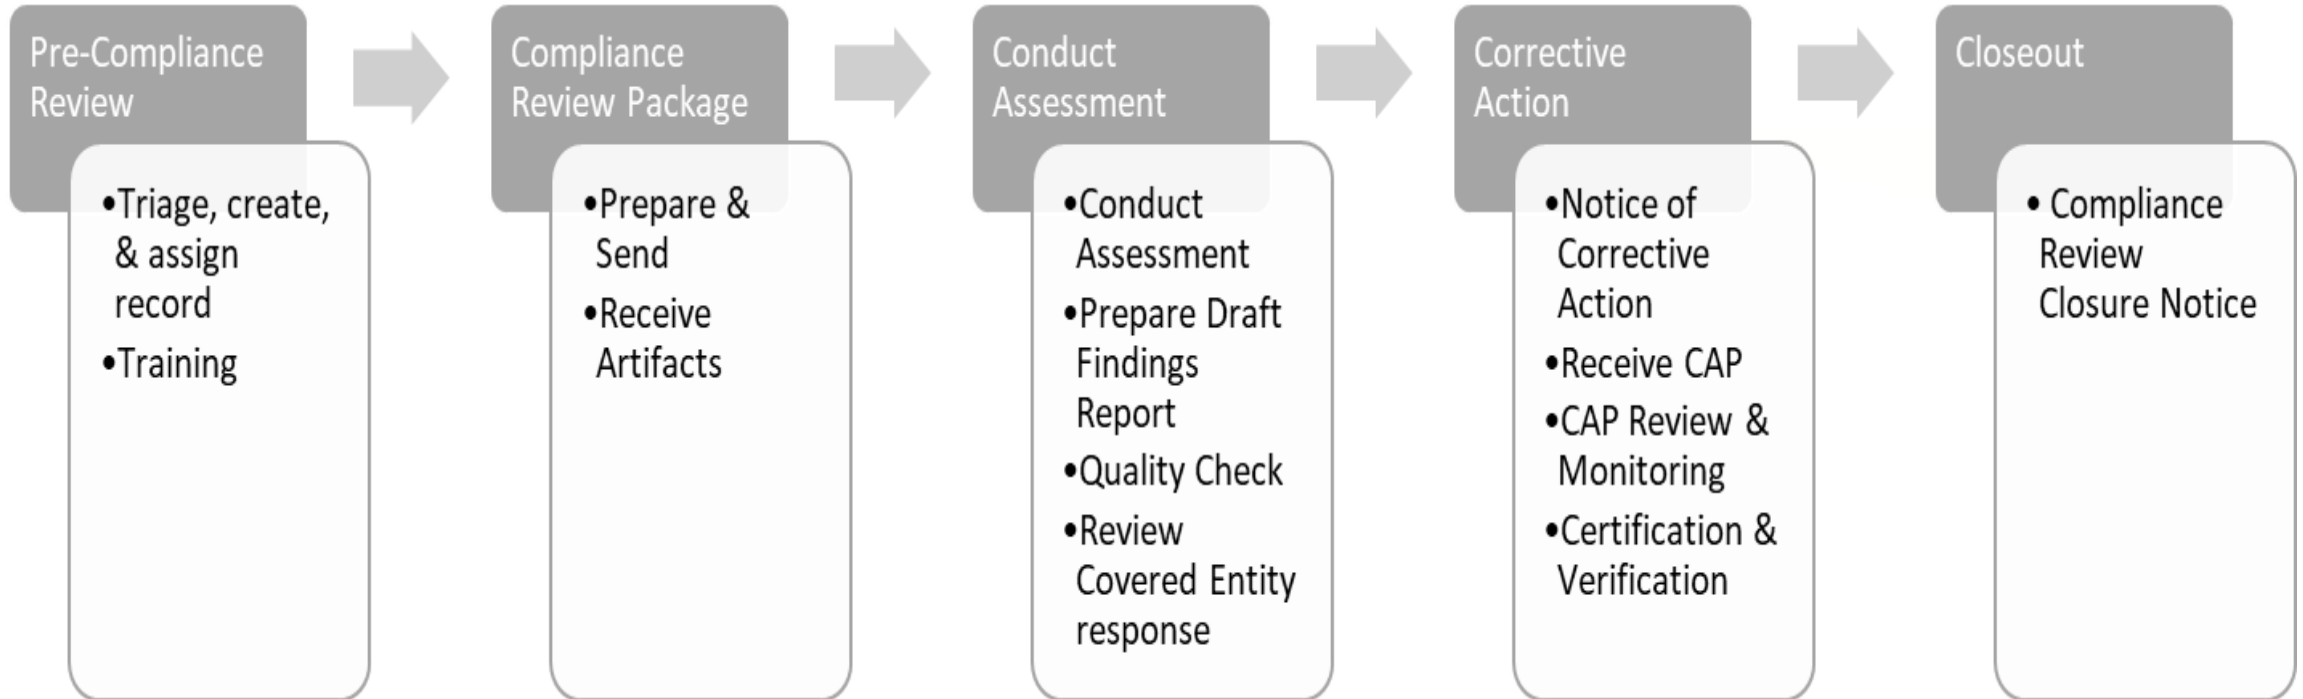

- » HHS will review the following administrative transactions for compliance:
 - 1) Transaction formats
 - 2) Code Sets
 - 3) Unique Identifiers

- » Participants will attest to compliance with operating rules.

Non-compliance

- » Covered entities found to be noncompliant will be allowed to undertake corrective actions.
- » Covered entities who do not achieve compliance may be subjected to escalated enforcement actions.

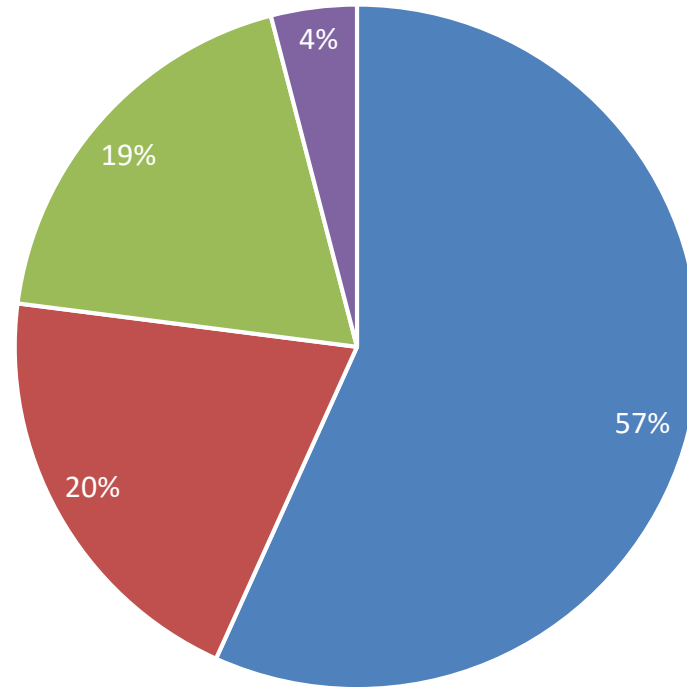

Compliance Review Process

Optimization Pilot Program

- » In 2018, ten organizations were selected to participate in the pilot program. Four clearinghouses and one health plan completed the pilot.
- » Participating organizations assisted HHS with optimizing the review process, including review tracking, coordinating and communicating with participating entities, and assessing violations.

Optimization Pilot Program Results Violations
